CHARLESH, LELAND'S LOSSES

HOW HE COMES OUT OF THE BANK TROUBLES.

A STATEMENT SENT TO THE NEWSPAPERS FROM THE SIXTH NATIONAL BANK.

What purported to be an official statement of the affairs surrounding the transactions which caused the temporary suspension of the Lenox Hill, the Equitable and the Sixth National banks was prepared yesterday and sent from the Sixth National Bank, of which Charles H. Leland is president, to various newspapers. The statement lacks just the points of interest which the public, the minority stockholders and the depositors in these three institutions have been eagerly

When A. B. Hepburn, the National Bank Examiner. closed the doors of the Sixth National Bank, he announced a deficiency of \$676,311 03. This was made up by certified checks amounting to \$352,000, representing abstracted securities; \$150,000 in loans considered worthless; Lenox Hill Bank overdrafts, \$78,101 03; and other overdraits and items amounting to \$36,210. Mr. Leland paid in \$620,000 in each to make this good, giving a guarantee that he would be responsible for the balance, 850,311 03, if necessary. He received the checks for \$382,000 worth of securities, five of which, in accordance with their certification, were obligations of the Lenox Hill and Equitable banks. They amounted to \$250,000. These checks, with \$200,000, were given to get back the 1,035 shares of Sixth National Bank stock which Mr. Leland sold to the Ciaassen-Pell syndicate. This was done through an arrangement with Conrad N. Jordan. president of the Western National Bank. These checks were not used against the Lenox Hill or the Equitable were not used against the Lenox Hill or the Equitable
Bank, but were cancelled in accordance
with the agreement between Messrs. Jordan and
Leland. The balance of the \$382,000 was
made by checks of Pell, Wallack & Co. on the Third
National Bank for \$27,000; James A. Simmons on

bank, and the checks were destroyed in the presence of Charies M. Preston, State Superintendent of Banks. It is argued now that the Chassen-Pell syndicate is ronsiderably ahead on the transactions. From the abstracted bends \$352,000 was realized; \$150,000 in leans from the Sixth National Bank was obtained, and practically the capital of both the Leave Hill and the Equitable banks went to them. But against this must be placed the amount paid to Mr. Lehnd for his 1,035 shares of stock.

At the Sixth National Bank yesterday nothing could be obtained from the vice-president as to the value of the securities were in the bank's vanits, and that the remainder would probably be returned by this morning.

Ex. Judge Donohue, counsel for George H. Pell, appeared before Commissioner Shelds vesterday at the hour set for the examination in Pell's case. District Attorney Mitchell desires to finish Chassen's examination first, and the hearing in the case against Pell was adjourned to next Thursday, President Jordan, of the Western National Bank have been returned to that institution.

BUILDING AND LOAN ASSOCIATION BILLS.

A meeting of representatives of various building and loan associations was held last night in the office of "The Home Seeker," No. 258 Broadway, to take action regard-

ate by Senator J. Sleat Fassett, and in the Assembly by John Centelly, compelling all loan associations organized outside of this State to deposit with the State Superintendent of Banks \$100.000 as a surery for the stockholders. The bill introduced in the Senate by Senator Saxton, amending the act of 1851 by including bona fide building and loan associations among the mency-saving institutions exempt from taxation, was also indersed.

"RUSHING" THE BASEBALL SEASON.

A LIVELY GAME AT THE OLD POLO GROUNDS-HUNTING FOR PLAYERS.

The fight between the National and Players' Leagues has indoubtedly settled down to a war of extermina-tion. Walter Appleton, one of the directors of the New-York club, returned from Elmira yesterday. Daniel Richardson, the Giants' second baseman, lives at Elmira, and Appleton made no secret of the fact looking for since publicity was first given to the at Elmira, and Appleton made no secret of the fact troubles of these banks. THE BARLOW COLLECTION SCATTERED.

PRINCIPAL BUYERS AND THE PRICES THEY GAVE FOR THE " GEMS."

The valuable library and the large collection of curious brica-brac, china, porcelain and other works of art which the late s. L. M. Earlow spent so many years in gathering have now been scattered by order of his executors through the long sale which ended on Wednes-day night. A few of the great libraries of the courtry were the largest buyers of the books and manu-scripts. There was no private library of "Americana" which could be compared with Mr. Barlow's. The collection of books on this subject was his hobby for years, and he had ample means with which to gratify years, and he had ample hears with which to grantly it. The Boston Public Library seized the opportunity and spent the large appropriation of the City Conneil in securing many of the choicest treasures. Among them were the original Massachusetts records, for which \$6,500 was paid, a letter of Columbus and one of the

The same teams will play again to-morrow. A triple play the haracterized Wednesday's game, and this unusual feature may not occur again this season. James Powers, who pitched a remarkable game in this contest up to the livokiyn American Association club. Manager Kennety also received the terms of Pennelly, but has not formally signed the player as yet.

Manager Persons, of the Hackett-Carhart team, yeter tenday warned the officials of the local Player's League that he would cancel the games arranged to be played in April. The Hackett-Carharts have instead arranged to open the season at Oakhand Park, Jersey City, on April 5, crossing bats with the new Jersey City club. The team will play the New York League club at the Polo Grounds on March it.

WHAT WAS DONE IN STOCKS.

Thursday, Feb. 13-p. m.
It was another dull day at the Stock Exchange, and one in which the unlisted department contributed over one-third of the total reported transactions. Sugar Trust was the prominext feature. It rose from 64 at the opening to heat leating. It reserted of at the opening to
no 3-8, and closed at 64 5-8. Cotton Oil also was
more than usually active at 28 5-8
no 29 3-8 28 1-2 a 28 5-4. Commissions
of \$1 per 100 shares or nothing seem
to attract the speculation. It is a wonder that too the Stock Exchange does not take a lesson from

| SIP A 1994 | SIP such final depressions as occurred in the stock market. But the movement could just as easily have been effected without the outgiving of absurdiffes; the market was dull and subject to

surdities; the market was dull and subject to impression.

The late raid, however, was principally devoted to Delaware, Lackawanna and Western, which was sold off 5-8 per cent to 1557-8. Philadelphia and Reading was sold down 7-8 per cent, but it recovered 5-8 per cent and closed within 1-4 per cent of its opening figure. Mr Morgan's lig Four, carning 6 per cent dividends, was the weakest stock on the list, and declined to 69a control of the control of the control of the control of the same and the seems to receive some support at current figures, and closed with advances.

Wall Street is dismal, and brokers are unhappy, simply because of methods which the Stock Exchange not only has sanctioned but encouraged, while all the rest of the country, including the railways and telegraphs, are enjoying the benefits of unprecedented movements.

In State issues only a small amount of Louisiana consol 4s sold at 971-2. Of city bank stocks Gallatin sold (10) at 285, Leather Manufacturers (50) at 250, Tradesmen's (35) at 901-4 and Western National (201) at 97a971-2.

The general bond market was fairly active and firm, without special features. Oregon Short Line new 5s sold at 94. Missouri, Kansas and Texas issues were active at full figures. Reterence is made to our full report of bond sales.

Money ruled at 31-2a4 per cent, but the supply was excessive, so that late business was done at 3 and 21-2 per cent.

The Clearing House statement to-day was at follows: Exchanges, \$114,245,830; balances, \$5,013,812.

The Sub-Treasury was debtor to the Clearing House \$528,689. Its net gain on balance was \$928,808, made up by gains of \$700,609 coin and \$228,199 currency.
